"Cavalleria Rusticana" Is
Story of Turiddu,

On Tuesday, April 27, in the College auditorium at 8:15 p. m. the Music department of the College will present the opera "Cavalleria Rusticana" by Mascagni.

"Cavalleria Rusticana" is a one act opera telling the story of the love and chivalry of Turiddu, in paying the price of honor and love.

The opera scene in the village square of a Sicilian town, before Easter time and the villagers are celebrating the occasion.

The principal characters of the opera are Turiddu, Lola, Lucia, Alfio, and Nedda. These parts are played by Carl Davis, Margaret Bowness, Virginia Akers, Robert Tebow and Miss Judith Thom.

The chorus is composed of members of the College Mixed Chorus.

Under the direction of Mr. Ralph Hartzell, the opera will be accompanied by an orchestra trained by Mr. John L. Smay, director of the musical department.

Miss Judith Thom and Miss Janet Dickey will assist the orchestra as pianists, and Miss Catherine Dickey will be concert master for the orchestra.

Costumes and scenery for the production will be obtained from the Music Company of Boston, Massachusetts.

The direction will be under the supervision of Mr. Robert F. Gee of the speech department.

College Will Offer Five
Hour Workshop Course

Special announcement of a workshop for exceptional children has been made. This course will be offered during the summer session by specialists from the College and the outside to deal with the intellectually retarded, the intellectually superior, recreation for the handicapped, speech defects, and the lowered vitality, the partially sighted, the hard of hearing, and the orthopedic crippled.

Five semester hours credit will be given for the ten-week course and units will be arranged in double periods for one or two weeks' duration. By special permission a student may arrange to participate on the basis of a two-weeks' period, but the entire program should be taken at all possible.

In addition to the regular faculty members the following specialists will be on the campus: Mr. Richard S. Dabney, Miss Nelle Cummins, Miss Myrtle Miller, Mr. Hubert Wheeler, Mrs. Evelyn Young Allen, Miss Audrey Hicks, Mr. Truman Angle, Miss Helen Hon, Mr. Robert Thompson, Miss Alberta Chase, Miss Virginia Gibson, Mr. Carl Fox, Miss Helen Joy Bolin, Dr. R. E. Bruner, Mr. Doyle Best, and others. The program is being sponsored jointly by the Department of Education of the State of Missouri and the College.

New Park College Head
Formerly Taught Here

Dr. J. L. Zwingle became president of Park College at Parkville, March 31. This fact is of special interest to the College since Dr. Zwingle was a member of the English staff here from 1938 to 1940.

Attending the inaugural ceremonies from this College were President J. W. Jones, representative of the College, Dr. Blanché Dow, representative of AAUW, and Miss Olive DeLuca, an invited guest.

What About Politics?

Faculty members of the College have their political views. Oh, yes, they are engrossed in their particular fields most of the time, but they have many serious thoughts about government in their spare moments.

Two of the male members of the faculty will present an assembly on April 28. They are Dr. John H. Furbay, chairman of the Social Science department, and Mr. Sterling Surrey, chairman of the Commerce department.

Qualifications of presidential candidates and the general political scene in the United States will be their subject. Both men believe the success of their program will depend a great deal upon the attitude of the students attending the assembly.

"Come with an open mind," is their statement, "and leave all prejudiced and preconceived notions about the coming presidential election campaign at the door."

Resistance to Past Is Needed for Peace Maintenance Today

In order to insure peace and happiness in the present times, it is necessary for the people to build up a resistance against the past, destroy any prejudice or jealousy, and entertain a vision of a better world, according to Dr. M. Margaret Stroh, former English professor at Wilson Teachers College at Washington, D. C.

Miss Stroh, who is a well known lecturer and writer in the field of education of teachers, spoke before the student body Friday, April 9.

"This is the time for greatness, a time to be reminded of the buoyancy and vigor of our American heritage," quoted the native Pennsylvanian. "Unbelievable heights have been reached during real tragedies; and this is the time to remember to come to our own measure of greatness," she said.

She explained that ignorance was the cause of the bloody World War II, as told by a Navy man. Hilton once wrote that the country's future depended upon teachers for education.

"We cannot escape this challenge," she charged. "The task is ours."

Miss Stroh, who is a resident of Texas, shed encouraging light on the situation by reading an excerpt from a newspaper that described the Russian-American policy perfectly. That article was taken from Harper's magazine of 1887.

"Despite all clamors, education has not failed," insisted Miss Stroh. "The world will never be lost as long as we have a general emphasis for good will."

She referred her audience to Wilbur Steele's DARK HOUR. She explained that the ideas presented in this book are applicable to the present situation.

"Peace demands working for, not waiting for," she advocated.

Miss Stroh has spent three years traveling in order to recruit teachers from 40 states. She is an experienced instructor of elementary grades, high schools, and college. Now she is associated with the Delta Kappa Gamma organization. Also she has been doing extension work during the teachers' crisis.

Future Teachers Meeting
Is Scheduled for Group

Dr. Clifford L. Bishop, of the Education department, announces that the John Dewey Chapter of the Future Teachers of America will hold its first meeting of the year on April 20 at 4:00 p. m., to select an election committee to nominate next year's officers. Jeanne Taylor was president last year.

The purpose of the organization is to interest students of the College, especially freshmen and sophomores, in the teaching profession. Almost 75 students have signed up since the movement to revive the organization was begun a few weeks ago.

Look Around You

Is that the next president of the United States you sit by every day in class?

According to Miss Katherine Franken, you never know just when you may be talking to a future governor or ambassador—or even a president. She has warned her class in adolescent psychology to become better acquainted with classmates.

Recently Miss Franken asked each student to list the six most outstanding members of the class. From this group the high twelve were noted. The results of the voting showed the most outstanding student to be Helen Fisher, a sophomore.

THE COLLEGE OATH

"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideals and sacred things of the College. We will revere and obey the College laws and do our best to incite a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us.

IS IT UNFAIR?

Once again the time for student elections for two very important offices for the coming year is at hand. These offices are President and Vice President of the student body and they will be held by the victors during the course of the three regular quarters of 1948 and 1949.

Few ordinary individuals on this campus realize what an important and energy provoking job that the holding of either office is. Many of us look upon it as a thing of great honor; others of us hold it to be a job of very little importance and care little as to who gets it; and still others of us have no thoughts at all on the matter—we just plain "don't care."

That first group of thinkers is right; it is a very high and significant honor to hold either one. When a person accepts the responsibility for either office, he is taking on a great and heavy load on top of his academic requirements. However, it goes much further than that. He is assuming a position of leadership that will place him many times before an audience of the public. He is assuring himself of having plenty to keep him busy and cutting off any thoughts of that old college joke called "spare time." He is letting himself into a thing out of which he will get very few "thanks" and a maximum of criticism and, on top of it all, he is going to do a task of representation for all of us.

Bearing all this and many other things that each of you knows to be true in mind, is it unfair to ask you to get interested in the people you are going to allow to do these things for you? Is it unfair to ask you to nominate and back the people you really feel are capable of handling the difficult tasks that are to be met and overcome? Is it any more than right to ask you to come out to the polls and exercise a privilege bestowed especially upon American citizens? Not only is it your privilege and right—but it is your duty as a good, loyal student to really get into this campaign and election and pitch and pitch hard. Win or lose, look at the fun, enjoyment, and display of good old school spirit you'll have had. Will you try it?

IT COULD BE SERIOUS

"Spring has sprung" as the saying goes. The birds have rejoined us for another gaily season and all out-of-doors is responding to this very favored time of the year. The buds are popping out on all the trees; the grass is taking on that lovely first shade of green; and even President Jones' dog has been noted yelping delightfully in spite of himself and his position.

Ohhh yes—but all is not so well on the campus, for right along with the beauty of spring comes the picture of stark reality that each student must face—school must go on! In fact, this very week finds us in the midst of midterm examinations and that is a thing that should not be taken lightly.

The truth of the matter is that when everything in nature is really coming to life there often comes a sharp contrast on the part of us of the human race—and particularly these of us of the classification of students. Yes, sir, when old Pegasus pokes his head over the horizon to bring light and life to a new day, he often seems only to be yawning and our tendency is to yawn back. This thing is really very serious because the yawning business so often gets us in "dutch." You see, a yawn is usually followed by a desire to relax and to take it easy and that, you must see, can easily lead to serious consequences.

Vet Administration
Announces IncreaseWorld War II Veterans
Are Studying in 44
Foreign Countries.

The number of World War II veterans studying abroad under the G-I Bill has increased almost 350 percent during the past year, Veterans Administration has announced.

At the beginning of the current year, 6055 ex-servicemen and women were studying in 422 schools and colleges in 44 countries. At the same time last year, the total enrollment abroad was 1,307.

Almost half, or 2741, of the present veteran-students are enrolled in educational institutions in the Philippine Islands. VA said the large enrollment comprises mostly Filipinos who served in the U. S. armed forces during the war.

The next largest student group is in Canada where 882 veterans are enrolled. France ranks third with 635, followed by Mexico with 461, Switzerland with 427, and Great Britain with 356.

France recorded the largest increase during the year, with enrollments jumping from 3 to 635. Other countries recording major increases are Italy, from 2 to 116; Switzerland, from 32 to 427; Sweden, from 3 to 69; Great Britain, from 52 to 356; Mexico from 63 to 461; Canada, from 330 to 883, and the Philippines, from 70 to 2741.

Another 186 veterans living in foreign countries are taking correspondence courses under the G. I. Bill from schools in the United States.

Former College Student
Resigns from Wichita U.

Miss Mattie Dykes, of the English department, has received an article concerning the resignation of Garland T. Scott, a former student of the College, from the office of associate professor of aeronautical administration at the University of Wichita. His resignation was accepted "with regret" by President W. M. Jardine and the board of regents. Mr. Scott will enter business in Wichita.

He is an air corps veteran and formerly lived in Kansas City where he had been head statistician in traffic and senior staff assistant in air world education with an airline. He is a graduate of the University of Missouri and has a master's degree from that school. Mr. Scott began his college career in the fall of September, 1930, at the Northwest Missouri State Teachers College. He was here for ten quarters, leaving at the end of the summer quarter of 1933.

Training School Rates
High at Speech Contest

Horace Mann, the College training school, placed high at the Tarkio contest, March 19, taking seven superior ratings, the highest given, and two excellent ratings, or second places.

Joanne Wright received an S in extemporaneous speaking; Marcia Garrett, S in poetry reading; Gene Hartzell, S in poetry reading and S in an original poem; and Mary Hengeler, S in an original oration. The Girls' Ensemble received an S, under Miss Janet Dickey's directing.

Artie White received an E in poetry reading, and Jeannie Davison, an E in Bible reading. Third place winners were Doris McGinness, original oration, and Norma Gard, extemporaneous speaking.

Mrs. Mark Christine has announced that she has received an invitation for Horace Mann School from Peru State Teachers College,

The Stroller

Stroller is a little peeved this week. He walked down the hall one day, and some cute co-ed said, "Say, you know, I just found out what the four worst things about college are—the Stroller, rain, mid-terms, and finals." Imagine classing the Stroller with examination, cross-examination maybe.

Irma (she made the column again this week) Jensen must be planning to buy a car. It appears that she has been testing various models ranging from a '47 Buick convertible to a Plymouth coupe of unknown vintage.

Speaking of cars—Jim Malson's rule must be, "There's always room for one more." When the car (?) was overflowing with one boy even perched on the spare tire, Jim stopped to pick up Mr. J. M. Porterfield who graciously accepted the offer. Where he sat, stood, or hung on is still a mystery.

Stroller thinks that women are certainly hard to please. They complain if their men friends don't play football; they complain if they don't make the team; and with spring practice beginning—oh, how they complain when football is beating their time!

Dorm girls seem to prefer Maryville boys. Perhaps it's because the town boys have access to their fathers' cars. Anyway, Betty McKown and Joe Merrick seem interested only in each other.

Stroller wants to offer the orchid of the week to the BLITHE SPIRIT cast. The acting was grand, and the ad lib was superb.

Vernelle Cox fell for someone at dinner last week. We weren't able to tell which one of the bus boys she fell for, but Stroller did hear that it was quite a tumble.

Poems have interested the Stroller recently, and here are two of the latest. Thanks to the Campus Chat for this one—

Little Miss Muffet
Sat on a tuffet,
And began to puff it;
Saw the Dean—
Tried to snuff it—
Burnt her fingers,
But couldn't bluff it.
The Dean approached
All set to rough it;
Said, "You're smoking?"
"Yes, I huff it."

Dean, "Me, too. Gimme a match."

Silver and Gold is too popular for the following advice to seniors:

Little rows of zeros
Not so very quaint
Makes your graduation
Look as if it ain't.

Stroller wondered why Mary Garrett looked so happy last week. He finally decided it must be the fact that Jack Dieterich was home for a short vacation. Jack has returned to school, but Mary is still happy with his diamond on her third finger left hand.

Two more sparkling diamonds are gracing the hands of College co-eds. Recent additions to the engaged list are Bev Osburn—Tony Rizzo and Lois Insko—Tiny Myers.

Pledging time is here again, and those Alpha Sig pledges are certainly popular gals. Of course, it could be the gum, candy, and cigarettes they carry around in their purses for the actives. Stroller is pretty active, but he hasn't been rewarded yet.

June isn't quite here, but weddings are going on as usual. Stroller saw Margaret and Don Snyder showered with rice as they started on their honeymoon; they looked so happy he has almost changed his mind about being a bachelor! !

\$64 question of the week is being asked by Clyde Bowen. He has been heard to say, "Won't you please buy my Nash? It did me wrong!" Seems as though Clyde and five others had a little trouble getting to the Ice Capades. They finally got there in Dick Appleman's coupe, but Clyde didn't miss an opportunity to stick out his tongue at every Nash they passed on the way down.

"GONE WITH THE WIND" was the big topic of conversation last week, and almost every conversation included these sentences—"I'll think about it tomorrow" and "Frankly, my dear, I don't care!" Stroller still can't decide whether Scarlett ever got him back. Perhaps he should ask Thelma Palma; she has just seen the show five times.

Peru, Nebraska, to come to a speech festival to be held some time in April. Schools were chosen on the strength of honors won at the Tarkio contest. Mrs. Christine was in charge of the Horace Mann speech entries in the Tarkio contest.

\$7.21 per

During the winter quarter a total of 366 veterans were enrolled. Of the 366 only 10 did not take advantage of their opportunity to have supplies furnished them by the government through the College bookstore. Supplies bought by veterans in the bookstore totaled \$2,741.18, which is approximately \$7.21 for each person.

Independent Club Makes Trip to See Ice Capades

Many members of the Cooperative Independents Club, with guests and sponsors, journeyed to Kansas City on Sunday, April 4. Most of the group made the trip in the College bus while others traveled by automobile.

Leaving early in the morning, the group reached Kansas City at a time early enough that they were not deprived of the privilege of church attendance. While some went to church, others looked over the city and visited many important places of interest.

After dinner, the whole group met at the Pla-Mor stadium and viewed the elaborate show of "1948 Ice Capades." Following the show was a trip to the airport and then a stop to eat in St. Joseph.

Miss Janet Dickey and Miss Judith Thom, sponsors of the organization, were unable to make the trip. Miss Hannah Lou Bennett accompanied the group.

Student Cast Is Skillful in Two Nights of Acting

Spirits invaded the College auditorium when members of the Dramatics Club presented Noel Coward's BLITHE SPIRIT, April 1 and 2. The play was a delightful comedy, skillfully acted by the student cast.

Bill Elam portrayed the perplexed mystery writer, Charles Condomine, who found that his first wife, Elvira (Maxine Robbins), had come back to haunt him, following a seance conducted by the mysterious Madame Arcati (Lina Foster). This situation proved to be very trying for Ruth, Condomine's second wife, played by Beverly Edelman, who could neither see nor hear Elvira.

Elvira's plan to kill Charles in an automobile accident failed, and Ruth was killed instead. As a result of another seance, Ruth's spirit joined Elvira, and they both plagued their husband. At last the situation was remedied when the maid, Edith (Ann Fay), who had actually caused their return in the first place, sent them back to the spirit world.

Dr. and Mrs. Bradman, played by Sam Carpenter and Jean Bush, added to the complexity of situations. From beginning to end, the play was fast-moving, humorous, and enjoyable.

Mr. Robert F. Gee of the Speech department directed the production. He was assisted by Zea Grissinger, a sophomore.

College Students Hear Selections of Violinist

Vibrant notes from the violin stirred the hearts of College students, March 31, when Waldemar Gelch, talented violinist from the University of Kansas, entertained with many selections from renowned artists.

Mr. Gelch's initial numbers were Paganini's "Concerto, D major" and "Cadenza" by Besekirsky. He explained that these pieces were of the finest in the world. Paganini was an Italian, whose music is not only difficult but very beautiful. It has survived for more than 100 years and the "Concerto" is now considered one of his greatest works.

The ever popular "Clair de Lune" by Debussy-Roelens, Mr. Gelch played with expression and convinced his audience of the power of music. For Audin's "Humoreske" and "Hora Staccato" by Dinicu-Heifetz were his other selections.

"These," he stated, "are Polish contributions that are beautiful accomplishments." For his curtain call number, Mr. Gelch played a lullaby, Erhard Thiel, pianist for the recital, entertained with two selections, "Barcarolle" by Chopin and "Jeux D'aux" by Ravel.

Students Use New Machine

Commerce students will have the opportunity to use a new ten key electric calculator which has just arrived at the College. A ten key adding machine is expected soon, according to the Commerce department.

Aid to Foreign Students Is Given Through WSSF

Americans must want to share their education with peoples of all parts of the world is the opinion of Miss Isobel Crim, regional secretary of WSSF.

Miss Crim pleaded through the WSSF for the welfare of suffering foreign children, in the April 1 assembly. "Peace must be forwarded to all mankind," declared the speaker.

She expressed the idea that the students of foreign countries are grateful for the work which has been done for them. She further explained this by giving the example of a Chinese school which donated \$1,000 toward the European fund. "We're receiving gifts from America, and we want to show our appreciation by giving to other needy people," the Chinese pointed out.

Miss Crim said that WSSF has begun in 1937 when the War in China was just starting. It continued to grow into a joint agency, and about all the countries in the world have contributed to its support at one time or another. This seems to strengthen the league that has never been broken.

"Keep it still together," pleaded the speaker. "Give to the WSSF, and keep the world in peace." Miss Crim's speech was followed by the presentation of a movie, "Seeds of Destiny." This Academy Award winning film portrayed the need for a world student service fund.

Members of College I. R. C. Club Attend Valley Conference

Representatives of the International Relations Club of the College who attended the southern division of the Mississippi Valley International Relations Conference at Warrensburg, April 2-3, were George Ashworth, Stanley Baker, Lee Drees, Jack Garrett and R. D. Hall. The sponsor was Dr. John Harr.

The forty-college conference held round table discussions upon the following subjects: World Government, the Road to Peace; Russia and World Peace; The Marshall Plan and World Stability; The Impact of the 1948 Elections on World Peace; and Racial Tension and World Peace.

Dr. Clyde Eagleton of New York, an authority on international law, spoke to the group. He stated that the only way to deal with Russia is to build up and strengthen international law and order. Dr. Eagleton strongly supported the U. N. and advocated United States leadership in strengthening the U. N.

"Democracy can stand up, I have no fear, and the only way to defeat communism is to improve and make our system better, to serve our people better," he declared. "Don't pass the buck. We can't escape responsibility for this country is a democracy, and if it doesn't function it is our job to straighten up our democracy so that it will work efficiently."

At the regular club meeting, April 5, the representatives gave reports upon each phase of the conference. The club decided to hold a picnic May 3, when next year's officers will be elected.

Coach Milner's Men Go to Peru in Second Outdoor Test of Season

Bearcats Will Face Bulldogs and Tarkio

Triangular Affair Brings Local Group of Sprint Stars Against Foes.

Relay Squads Look for Win

Zuchowski, Wormsley, James, Neil, and Waters Head Squad This Afternoon.

Coach Ryland Milner will take his track squad to Peru, Nebraska, this afternoon for a triangular meet with that school and the Tarkio Cardinals. The Bulldogs from Peru won a similar meet last Thursday at Tarkio, defeating the Bearcats by seven and one half points in a contest that was not determined until the final event was complete. Coach Milner expects to take a full squad, since changes have been made concerning the number of men permitted in certain events.

During the first two days of the week the squad has been diligently preparing itself for the meet. The members are all anxious to wrest first place laurels from Peru, since they believe they could have last week with a little more effort in the right places.

Neil Takes 220

Although they placed in everything except the half mile, the boys were not satisfied with their showing. A timer's gun that failed to work caused certain points in the 100 yard dash to be lost, since Maryville's ace dash man, Don Neil, was slow out of the starting blocks and only a terrific finish enabled him to place third. There was a false start, but the official was unable to call them back. Neil later proved his superiority by winning the 220 in an excellent 23.5 seconds on a slow track. His running mate, Pat Zuchowski, surprised by winning the board jump with a leap of 20 feet after Paul Gates had scratched four times. These two hope to run one-two this afternoon. Zuchowski also placed second in the 100 and 220 yard dashes, and ran a powerful first leg of the winning 880 yard relay squad that was anchored by Neil. Phil Carter and Frank Boyer turned in fine performances in this race also.

Ivan Schottel, former Bearcat track star in both the discus and the shot put, has been coaching the weight men this week and his aid should do no little good. Al Wormsley won both events, but John Doherty, who managed a fourth in the shot at Tarkio, hopes to up his distance in both events and thus pick up some more points for the Green and White.

Appelman Places in Two Mile

In the high jump, Dick Schone-man is expected to overcome his hometown tenseness which plagued him last week and along with Wormsley, with whom he tied for second, make the jump interesting to Tarkio's winner Mc Clay. The plucky Dick Appelman, who ran a fourth in the two mile on sheer courage in his first attempt at the distance is the Bearcat hopeful in the pole vault also. The latter is his main event, but he ran the long race as Maryville's only entrant.

Norman James and Paul (Running) Waters are the Bearcats one and two in the 440. James won the event at Tarkio and Waters placed fourth. The former finished strong to overcome a ten yard handicap and cop first place for the 'Cats in the mile relay. The Albany boy looks better each time he runs, and seems to be at his best when someone leads him up to the last 100 yards, when his terrific kick pulls him ahead. He is one of many young men on the squad who show great promise for the future.

Hurdlers Work for Meet

Hurdling for the local team is Walt Stanton and Howard Chandlee in the lows, and James Allan in the highs. The low hurdlers gained a second and third respectively while Allan placed fourth.

A few more days of practice has given them time to adjust their stride which needed attention.

Distance runners for the Bearcats, Mark Christine in the mile, Appelman in the two mile, and Marion Freeman, Will Johnson, and Bob Cohn in the half, have been running long to increase their leg stamina. Especially in the half do these men tighten up, when the pace becomes almost a sprint.

Paul Buthers has been bothered by a sore arm, but will throw the javelin anyway. He placed third in the event in the last triangular. Staugh of Tarkio and Blocker of Peru offer stern competition in that event. The former threw the spear better than 179 feet last week to cop the contest.

Coach Milner and his squad will leave about 11:30 this morning.

Swimming Pool Is Popular

The swimming pool is open from 4:00 to 5:15 p. m. every day, Monday through Friday, for co-recreational swimming. The pool has been frequented by many, and it is hoped that a larger number of students will take advantage of it during the warmer weather.

Many Talented Golfers Begin New Golf Season

Northwest Missouri State Teachers College golf season got under way Tuesday, April 13, bringing forth many talented golfers. Later in the season the outstanding players will be selected to represent the College in the state tournament which is scheduled to be held May 14-15 on the Maryville greens.

Also playing a part in the golf season will be the Scotch golf tournament. The outstanding boy and girl couple will cross clubs in the state meet which is held in the latter part of the season.

Mr. H. D. Peterson, intramural recreation director, urges all those interested to watch the bulletin boards for the schedules which have not yet been posted.

Thin Clads Emerge Second Behind Peru

Close Meet at Tarkio Is Won by 70-62 1/2-39 1/2 Score by Invaders.

There weren't enough sprint events and thus the Maryville STC thin clads emerged second in a triangular meet at Tarkio last Thursday. Ace dash men Donnie Neil and Pat Zuchowski combined their points winning efforts with those of Al Wormsley and Norman James, but they did not receive sufficient support to capture first place honors in a meet that pitted them against the Peru Bulldogs and the Tarkio Cardinals. The final score was Peru 70, Maryville 62 1/2, and Tarkio 39 1/2. The above quartet accounted for 39 1/2 of the local squad's points.

Notable performances in addition to those of the men above were turned in by Dick Appelman in the two mile run and Mark Christine in the mile. Both races are grueling affairs, and the men gave all they had to garner points for Maryville.

Both of the local team's relay squads posted victories. A home-stretch drive by James pulled the mile relay team to victory, and equally fine performances by Zuchowski, Phil Carter, Frank Boyer, and Neil gave the 880 relay outfit a decisive win.

Wormsley was high point man with 12 1/2, closely followed by Zuchowski with 12 1/4.

Don Neil, only first-place winner for Maryville in the indoor meet at Columbia two weeks ago, is a brother to Herschel Neil, who won national honors in dashes and hop-skip and jump in 1936-37 while attending the College. Don is a promising young sprinter and may break some of his brother's records if he continues to improve.

Paul Buthers, talkative Bearcat buffoon, is trying his luck at track this season, and might give some competition in the javelin throw after a bit of seasoning.

Spring weather has sent many college golfers out to the Country Club in an attempt to master the great outdoor game. We believe that the little white ball takes almost as much of a verbal beating as it does physical from some of the participants.

Dick Appelman, the Bearcat's only capable pole vaulter, cleared 11 ft. 6 in. in the first meet this year, and the little senior shows promise of hitting 12 feet or more before the season is over.

Spring football is now in full swing with a large group of letter-men out. New men are fairly scarce and only the real lovers of the game seem to be very enthusiastic about it.

Bob Conn, of Pleasantville, Iowa, has turned in some fine times in both the 440 and 880 during practice. Conn is just a freshman but

Badminton Singles Finds Totaratitis Victorious

Stanley Totaratitis was victorious in the final game by subduing Maury Geist in a hotly contested battle in the exciting climax of the men's singles in the badminton tournament held in the College gymnasium last week. Stan put on a wonderful display of offensive ability that Geist found difficult to master. The final scores, 18-6 and 15-2, did not reveal the intensity of the play. As was expected, Maurice Geist and Stanley Totaratitis won the badminton doubles tournament. The pair went through the meet with ease, never meeting defeat. In badminton, fifteen points constitute a game, and the best two out of three games wins the match. In the finals the "Champs" defeated

Bearcat Track Men Are Fifth in Meet

MIAA Indoor Competition Is First Since 1941; Rolla Is Victor.

Maryville Bearcats competed in the first MIAA Indoor Track Meet since before the war, a Saturday night, March 27, winning a total of 24 points, the team ended in fifth place with 41 points. Closely following were Springfield with 38 1/2 points and Cape Girardeau, defending champions, with 38 points. The last event of the meet, the mile relay, gave a "photo finish" effect to determine the final standings of the teams. Maryville had won the first heat, but Cape had the second heat, beating the Bearcats' time.

Kirkville with 30 points finished fourth, and Warrensburg with 8 1/2 points finished last. The Rolla Miners placed men in all but two events.

Neil Takes First

Don "Flash" Neil won the 60 yard dash honors in 6.5 seconds to give Maryville its only first place. Don's time was just 3 seconds above the existing indoor record for this conference. Pat Zuchowski tied with Kirk of Rolla to win third place in the dash. Pat readily proved that he could carry that 190 pounds along at a terrific pace. Watch these men in the 100 yard and 220 yard dashes in the future meets. Both seem to gain their leads after the 30 yard stride.

Alvin Wormsley, first place winner of the shot put and discus in last year's outdoor state meet, placed second in the shot. Al had first rating until the final throw by Bock of Rolla. John Daly won fifth in the shot for another Maryville point.

Two Take Second

Winning second place ties were Dick Schone-man in the high jump and Dick Appelman in the pole vault. Appelman vaulted for the Green and White last year, winning his letter.

Paul Gates of last year's field team won third place in the broad jump followed by Jim Swenson in fifth place. Paul "Running" Waters, another of last year's lettermen, finished fifth in the 440 yard dash.

A squad of 23 men, Coach Milner, and the bus driver made the trip, leaving Maryville early Saturday morning and returning Sunday.

The team is now working to get entries in every event. More training should make the partially inexperienced squad a definite threat in the triangular, dual, and state meets coming soon.

The summary of events:

Students Must Register Before Playing Golf

From H. D. Peterson's office has come the regulation governing college students' golf play at the Maryville Country Club. This regulation must be followed before one can play at the club.

All students that wish to play at the Maryville Country Club this spring and coming summer must register at Mr. Peterson's office before they play; otherwise they will have to pay the necessary green fees.

Ping Pong Elimination Games Show Much Action

A brilliant display of action was shown in the ping pong tournament which was held Tuesday, March 16. The single elimination tournament brought out many close games.

Much interest and excitement was brought forward in the girls' single between Joyce Heck and Margaret Berry and LaVonne Wescott and Ruth Holbrook. Each was fighting to capture the championship. Miss Berry, failing to rally in the closing period, lost by a small margin. Miss Wescott was crowned the women's ping pong champion.

Thursday evening the men's tournament presented several important games before going into the quarter finals with Pipes winning over Clyde Bowen, Aldrich over Birbeck, Prindle over Hadley, and Carmichael over Hoffman. In the closing climax of the tournament, Prindle, being undefeated and determined to pursue his opponents, battled his way to win the championship.

There were many men and women participating in the tournament, showing abilities and the will to win.

Spring Football Is Sports Page Feature

First Practice Sessions Are Held to Determine Senior Replacements.

Spring football practice began last week, and after the first kinks were erased by some heavy running and general exercising, Coach Ryland Milner and his assistants began work with the newcomers and smattering of lettermen who have checked out equipment. The most serious problem facing the staff is finding replacements for the nine graduating seniors.

Especially vulnerable appears to be at end, where thrice all conference selection Stanley Totoraitis, and capable Howard Glavin will be sorely missed. A quarterback replacement for Paul Gates and guard substitutes for graduating all conference player Harold Johnson plus Dewey Drennen and Jenny Wren are needed. Other replacements at tackle, where Vernon Weidmaier and his 225 pounds held sway, at wingback, where Bruce Peters' scampers along with Rex Adams, and at extra point producing, where Ralph Kurtright excelled, are also being sought. Marion Freeman will probably fill the latter's shoes, but the rest of the positions are wide open.

Pete Younger, who is experimenting at end at the advice of the coach, Don Hartness, Bill Gamble, Floyd Klang, Maury Geist, Don Hoffman, Paul Buthers, Jim Smith, Larry Zirbel, Ron Van Ryswyk, and Marvin Weed are the lettermen now working with the squad. Many more of the regulars from the 1947 squad are on the track team, and will not participate in both sports simultaneously. Weed injured an ankle by just running, and will have an operation on it this summer to repair what is believed to be torn cartilage around the knee bone. He will not work with the team this spring. Milner's ace-backs, Norman James, Pat Zuchowski, and Al Wormsley, are all members of the cinder squad, and in addition to Freeman wingman Ken Jones is also a member of the track group.

T formation plays have taken most of the practice time. Working on offense were Zirbel and Cobb at end, Klang and Hellerich at tackle, Hartness and Bahr at guard, Gamble at center, Ward and Coulter alternating at quarter, Van Ryswyk at right half, Buthers at full, and Sherman at left half. This group is familiar with the plays used by Coach Milner, and after the others are oriented a bit they will undoubtedly see some offensive action.

At this time the following men, in addition to the aforementioned lettermen, are out nightly: Art Bahr, Dick Kable, Marlin Carey, Phil Carter, Bill Coulter, Melvin Coleman, Jack Clark, Newcome Cleveland, Bud Dawson, Joe Gard-

ner, Warren Gresham, John Jerich, Max Hochenauer, Hutchinson, Max Johnson, Malson, Gaylord Meyers, Henggler, Ralph Blank, W. Pollard, Don Reynolds, Bill R. Glenn Sherry, Clyde Thomas, Manly Vance, Paul Fisher, Stanton, Howard Chandlee, Mike Wilson, Bob Cobb, Chas. Green, and Bill Christensen.

These men and others edged close to the line. The race was close, even as it was when Herschel Neil had set a record of 6.2 seconds in the middle thirties. Flashing down between the rows of white came the six men. A yard stick would have measured the distance separating the first and last man.

A gun shot shattered the still air. Stop watches were checked. The winner—Donnie Neil, Maryville!

It was Donnie's first collegiate race, his first race since the eighth grade. Like brother, like brother.

What! Another Neil?

It was the start of the 60 yard dash. The runners crouch awaiting the sound of the gun. Six of them were across the white chalk. The announcer droned their names over portable speakers. On the side was Neil of Maryville. Neil. A murmur swept the area around the judges' stand. "Neil?" an official exclaimed with a surprised look, as turned to one of his friends. "That boy may be a relative of Herschel Neil, the Maryville brother of '36 or '37. Maybe a brother."

Volleyball Tournament Crown Won by "M" Club

Much enthusiasm was displayed in the men's volleyball tournament this year. The tournament was opened on April 1 with all participating teams represented in strength. Among some of the outstanding teams competing in the tournament, Faculty Spikers displayed a dazzling brand of ball in eliminating the Silver Flashes in first round play. Also playing good ball were the Dragons who defeated the Faculty Spikers. The Dragons faltered in their second conquest for the title and fell before the Tan Spikers, who went on to win the consolation round.

The Dark Victors and the Red Sox proved to be two evenly matched teams. In a tournament that saw a great
